

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter was divided into two parts, conclusion and suggestion. In the conclusion clarified about the result of grammatical errors on students' writing at the third semester at Islamic University of Riau. The suggestion would contain of the researcher view and the suggestion for teacher and future researcher.

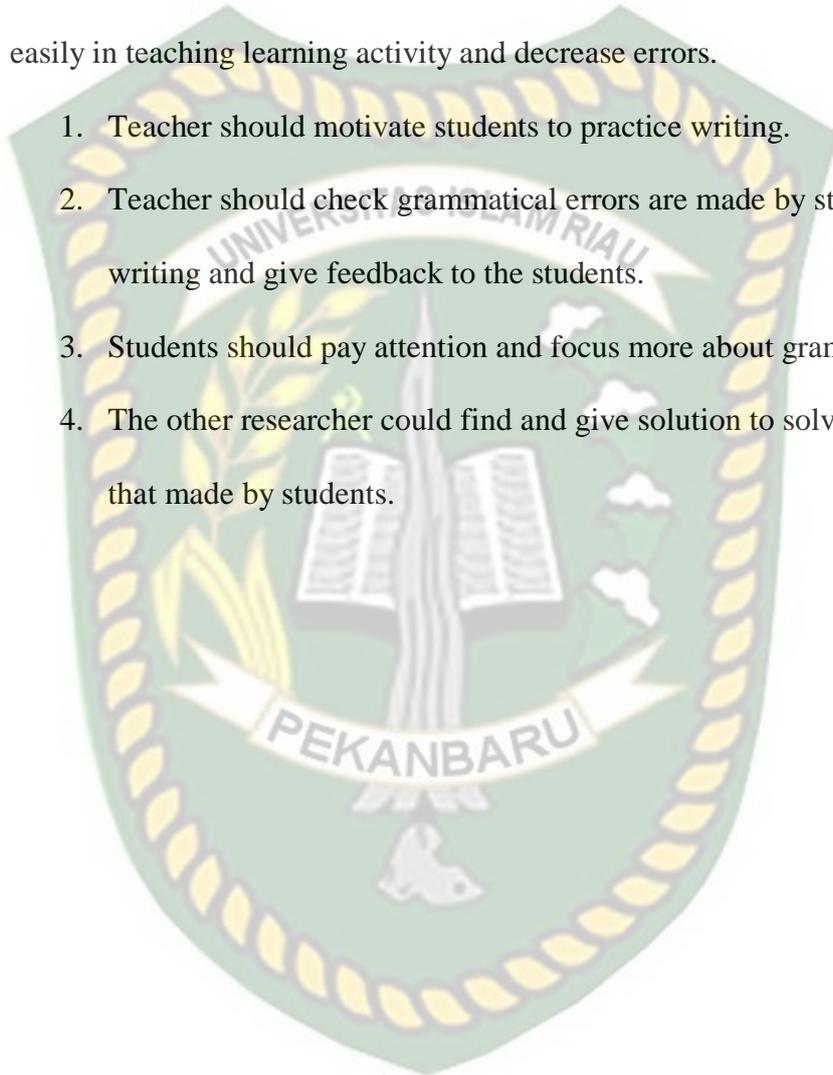

5.1 Conclusion

After identifying, classifying, describing, calculating in percentage, and analysing the result of the research, this chapter presented the researcher's conclusion about grammatical errors on students' writing at the third semester at Islamic University of Riau. This is the answer of researcher's question "What types of grammatical errors are made by the third semester students at Islamic University of Riau?". The researcher came with the answer based on the analysis of data the researcher found eight errors types made by the third semester students at Islamic University of Riau. They were subject-verb agreement with total of error 28 errors, tenses with total of error 12 errors, capitalization with total of error 13 errors, punctuation with total of error 9 errors, article with total of error 22 errors, word choice with total of error 19 errors, word order with total of error 8 errors and preposition with total of error 50 errors.

5.2 Suggestion

After the researcher carried out the research, the researcher gives some suggestions related to this result of research. Hopefully it can be applied easily in teaching learning activity and decrease errors.

1. Teacher should motivate students to practice writing.
2. Teacher should check grammatical errors are made by students in writing and give feedback to the students.
3. Students should pay attention and focus more about grammar.
4. The other researcher could find and give solution to solve errors that made by students.
