

ACKNOWLEDGEMENTS

In the name of Allah SWT, The Most Gracious, The Lord of Universe who has given me an easiness, healthy, mercy, both strength and ability to accomplish this thesis entitle: **“AN ANALYSIS ON WRITING DESCRIPTIVE TEXT ERRORS AT FIRST YEAR CLASS OF SMK TARUNA MASMUR PEKANBARU”**. Secondly, peace and salutation always be given to our prophet Muhammad SAW who has guide us from the darkness and lightness.

However, this success would not be achieved without those supports, guidance, advice, help, encouragement to fulfill one the requirements for the Sarjana degree in English Study Program Teacher Training and Education Faculty, Islamic University of Riau. And I somehow realizes this is for me to offer deepest gratitude for:

1. My greatest appreciation to my beloved parents, **Amrin Can & Asnimar**, who always pray, support, and motivate in every part of my life especially in doing this study, and whole my families, you are such the sweetest things to be grown up with.
2. And my advisors, **Dra. Betty Sailun., M.Ed and Estika Satriani., S.Pd., M.Pd.** for their patience, guidance, kindness, valuable advice, and also for their time in correcting and helping in finishing this thesis.
3. All lecturers of English Language Education who have taught new knowledge and best experiences in study.

4. The headmaster and the teachers at SMK Taruna Masmur Pekanbaru who give me permission to take the data.
5. My dearest friends who always in my side to face all the laughter and tears, my ups and downs, to become “laugh machine” and “support system” during study, especially for **Ellymatul Sa’diah, Megawati Sukma, Suci Lestari, and Suri Ningsih** for unforgettable memories.
6. And last but not least, all of my friends, especially F class of academic year 2014, whose name cannot be mentioned here one by one, for their kindness to share ideas, useful suggestions, comments, much love, support, and showed me the true friendship in finishing this thesis.

Finally, the researcher realizes that this thesis still has some weakness and shortage, constructive criticism and suggestion would be acceptable to make this paper better. This word are not enough to say appreciations for help and contribution to this thesis. May Allah SWT guide and give us happiness. Aamiin
